Regulation 1081

1081. Minimum Standards for Legislatively Mandated Courses.

- (a) Legislatively mandated courses, as specified in Commission Regulation 1005(f), pertain to training mandated by the Legislature for various kinds of peace officers and other groups for which the Commission has responsibility to establish minimum standards. The Commission may approve legislatively mandated courses that can be completed in fewer than the minimum hours. In such cases, the courses must be competency-based, where each student demonstrates mastery of clearly specified learning outcomes. Legislatively mandated courses shall meet the following minimum content and hours. Regulations 1052-1056 specify the requirement for certification and presentation of these courses.

Legislatively mandated courses that can be completed in fewer hours when using technology-based delivery (i.e., interactive multimedia) will receive credit for the same number of hours as when given in a traditional instructor-led course. Testing is required to demonstrate competency.
