Informative Digest/Policy Statement Overview

At its July 23, 2009 meeting, the Commission approved proposed amendments to Learning Domains throughout the *Training and Testing Specifications for Peace Officer Basic Courses* publication. The proposed changes included:

- Update Training & Testing Specification curriculum as part of an ongoing review

All changes to academy curriculum begin with recommendations from law enforcement practitioners or in some cases via legislative mandates. POST then facilitates meetings attended by curriculum advisors and subject matter experts who provide recommended changes to existing academy curriculum. The recommendations are forwarded to a Test Review Panel, comprised of academy administrators who identify testing questions and pass point thresholds for the new curriculum. Once the Test Review Panel has reviewed the recommendations, they are submitted for review by all academies at the Basic Course Consortium quarterly meetings facilitated by POST. The completed work of all committees is presented to the POST Commission at large for final review and adoption. Upon adoption of the proposed amendments, academies and course presenters will be required to teach and test to the updated curriculum. The proposed effective date is January 1, 2010.
