Attachment: Notice of Proposed Regulatory Action

**NOTICE OF PROPOSED REGULATORY ACTION
Triennial Recertification of Academy Instructors
Regulations 1009**

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by September 19, 2011, at 5:00 PM

Notice is also given that any interested person, or authorized representative, may submit written comments relevant to the proposed regulatory action by fax at (916) 227-5271, or by letter to:

Commission on POST

Authority and Reference

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

Informative Digest/Policy Statement Overview

At present, instructors that teach in POST certified academies must attend the Academy Instructor Certification Course or be assessed for equivalency before they can teach in those academies. These instructors must recertify that initial training every three years. The recertification period is three years from the date of initial certification. These provisions are outlined in Regulation 1009.

This proposal would change the recertification from a "rolling period" based on the date of initial certification to a fixed period which would remain at a three year period. In 2008 the Commission approved a similar change to the training cycle for all peace officers and dispatchers from a rolling period based on their date of appointment to a fixed period. This change was made because agencies advised POST staff that tracking officer and dispatcher training cycles as outlined in Regulation 1005 was a time consuming burden. Academy directors advised POST staff that tracking the recertification of academy instructors was imposing a similar burden and requested that the recertification period be changed to a fixed period.

The proposed amendment will reduce the workload for tracking the recertification of academy instructors with no impact on the quality of instruction that occurs in those academies. The amendment sets the start date and will make the continuous tracking of recertification of academy instructors a manageable task.

Adoption of Proposed Regulations

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications

remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

Estimate of Economic Impact

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs or Savings in Federal Funding to the State: None

Non-Discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Costs to any Local Agency or School District for which Government Code sections 17500 - 17630 requires reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Affect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no affect on housing costs.

Assessment

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California.

Consideration of Alternatives

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.
