Bulletin: No. 2018-16

Subject: **Update to the POST Civilian Supervisor Course**

In late 2016 and 2017, a number of workshops were convened to update the Civilian Supervisor Course and create a total training package to provide statewide consistency in instruction. The course was finalized and piloted by Golden West College. Modifications were made and the course is now finalized.

The Civilian Supervisor Course contains 21 modules, or key topics. Each module is complete with a lesson plan, skeletal PowerPoint, and handouts. A facilitator's guide accompanies the course material and provides considerations for course instruction, including learning activities. Module topics can also be called out separately, certified, and taught for continued professional training (CPT).

The course is available to download from the [POST Learning Portal](#). Please direct questions regarding the Civilian Supervisor Course to Rosanna McKinney, by email at [rosanna.mckinney@post.ca.gov](mailto:rosanna.mckinney@post.ca.gov).
