## **NOTICE OF PROPOSED REGULATORY ACTION**

### **Amend and Update the Training and Testing Specifications for Peace Officer Basic Courses Regulations 1005, 1007, and 1008**

A public hearing is not scheduled. Pursuant to Government Code section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. #### **Authority and Reference**

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

#### **Informative Digest/Policy Statement Overview**

Penal Code § 13510 requires that POST develop guidelines and a course of instruction and training for law enforcement officers who are employed as peace officers, or who are not yet employed as a peace officer but are enrolled in a training academy for law enforcement officers. This proposed action will update the incorporated by reference document, Training and Testing Specifications for Peace Officer Basic Courses (revised 10/1/2020), to include removal of the learning activity (VI.A.) in Learning Domain 19 (Vehicle Operations). Additionally, the incorporation by reference statements in POST Regulations sections 1005, 1007, and 1008 will be revised to reflect the updated revised date for the Training and Testing Specifications for Peace Officer Basic Courses.

The benefit anticipated by the proposed amendments to the regulations will be to update the training specifications for Peace Officer Basic Courses, which will increase the effectiveness of law enforcement standards for peace officers in preserving peace, protection of public health and safety, and welfare of California.

During the process of developing these regulations and amendments, POST has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

All changes to curriculum begin with recommendations from law enforcement practitioners or in some cases via legislative mandates. POST then facilitates meetings attended by curriculum advisors and subject matter experts who provide recommended changes to existing curriculum. The completed work of all committees is presented to the POST Commission for final review and adoption. Upon adoption of the proposed amendments, academies and course presenters will be required to teach and test the updated curriculum. The proposed effective date is October 1, 2020.

Costs to any Local Agency or School District for which Government Code sections 17500 - 17630 requires reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

**Results of Economic Impact Assessment per Gov. Code section 11346.3(b)**

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California.

**NOTICE OF PROPOSED REGULATORY ACTION**  
**Amend and Update the Training and Testing Specifications for Peace Officer Basic Courses**  
**Regulations 1005, 1007, and 1008**

---

The benefits of the proposed amendments of regulations to the regulations will increase the efficiency of the state of California in delivering services to stakeholders. Thus, the law enforcement standards are maintained and effective in preserving peace, protection of public health, safety, and welfare in California. There would be no impact that would affect worker safety or the State's environment.

**Consideration of Alternatives**

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposed action.
