Bulletin: No. 2020-40

Subject: **Notice of Proposed Regulatory Action – Regulation 1070, *Minimum Training Standards for Instructors of POST-Certified Specialized Training***

At the June 18, 2020 meeting, the Commission approved proposed amendments Regulation 1070 Minimum Training Standards for Instructors of POST-Certified Specialized Training.

The proposed changes would allow instructors in the basic course only teaching slow speed maneuvers to attend the Driver Awareness Instructor Course only. POST currently requires all vehicle operation instructors in the basic courses to complete the Driver Awareness Instructor Course and the Driver Training Instructor Course. For those instructors that only teach slow speed maneuvers the Driver Training Instructor Course is not necessary.

The attached notice includes the proposed changes, an invitation for written input on this proposal, the deadline for written comments, and information about requesting a public hearing. The following related information is available on the [POST Website](#).

**Authority and Reference**

This proposal is made pursuant to the authority vested by Penal Code §13503 (authority of Commission on POST) and Penal Code §13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code §13503(e) which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

**Informative Digest/Policy Statement Overview**

Penal Code § 13510 requires that POST develop guidelines and a course of instruction and training for law enforcement officers who are employed as peace officers, or who are not yet employed as a peace officer but are enrolled in a training academy for law enforcement officers. This proposed action will update the training regulations which include minimum training standards.

The benefits anticipated by the proposed amendments to the regulations will be to update the minimum training standards for instructors which will allow instructors teaching slow speed maneuvers the ability to complete only the Driver Awareness Instructor Course. This will allow instructors the flexibility to attend one or both of the courses. This will increase the effectiveness of law enforcement standards for peace officers in preserving peace, protection of public health and safety, and welfare of California.

During the process of developing these regulations and amendments, POST has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

All changes to curriculum begin with recommendations from law enforcement practitioners or in some cases via legislative mandates. POST then facilitates meetings attended by curriculum advisors and subject matter experts who provide recommended changes to existing curriculum. The completed work of all committees is presented to the POST Commission for final review and adoption.
