Authority and Reference

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

Informative Digest/Policy Statement Overview

The proposed revision to Commission Regulation 1005 would allow individuals who have completed the Regular Basic Course (RBC) or Specialized Investigator Basic Course (SIBC) in California, with qualifying out of state or federal law enforcement experience, and more than six years has elapsed since completion of the RBC or SIBC, to participate in the Basic Course Waiver process.

The proposed revisions would also require all Basic Course Waiver applicants to participate in the Requalification Course unless entering California Law Enforcement at middle management or executive rank. This would align the waiver requirements with the current regulation requirement for individuals with California training and experience.

The requalification course consists of an overview of basic course content along with updated instruction on California laws. It is necessary to ensure that individuals are competent and proficient prior to appointment. This would increase the applicants' chance for success in the field training program and successful completion of a probationary period.

The specific benefits anticipated by the proposed regulatory changes to the health and welfare of California residents will be to have consistency for all individuals applying for the Basic Course Waiver testing/assessment process. The proposed amendment of regulation will increase the effectiveness of law enforcement standards for peace officers in preserving peace, protection of public health and safety, and welfare of California. During the process of developing these regulations and amendments, the Commission on Peace Officer Standards and Training has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing State regulations.

Adoption of Proposed Regulations

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

Estimate of Economic Impact

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Non-Discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Costs to any Local Agency or School District for which Government Code sections 17500 - 17630 requires reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

Results of Economic Impact Assessment per Gov. Code section 11346.3(b)

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California.

The benefits of the proposed amendments of regulations to the regulations will increase the efficiency of the state of California in delivering services to stakeholders. Thus, the law enforcement standards are maintained and effective in preserving peace, protection of public health, safety, and welfare in California. There would be no impact that would affect worker safety or the State's environment.
